Project Information

Project Overview:

Project Timeline *(If funding is part of a larger project, identify portion of project the Small Grant will fund):*

What problem or opportunity is the project attempting to address?

What outcomes will result from the project?

Project Information (*continued*)

How will the funding from this grant catalyze your project? In as much detail as possible, please describe how funds will be allocated, including professional assistance, public engagement events, and internal expenses.

How does the project advance smart growth principles?

Please describe how the project meets the following evaluation criteria.

- ◆ Is inclusive in the engagement of the public, with focused efforts that enable access to a cross-section of community members, especially those who historically have not had access to public processes:

- ◆ Promotes a healthy, just, safe and sustainable community:

- ◆ Works towards a lasting solution to an identified problem or opportunity:

- ◆ Has a clear focus and concrete outcomes:

Please attach any maps or visuals that would help reviewers better understand your project. Please do not send reports or studies. For any questions or to submit application materials, contact:

Kati Gallagher, Sustainable Communities Program Director, at kgallagher@vnrc.org.
